

Prime Hatch

Discover the next generation of deck hatches with the Prime Hatch. This new hatch assortment is built on the proven Master Flush hatch, but does not require a recess on deck. This means that Prime Hatches and Master Flush hatches complement each other and elevates the design of the boat deck when used together.

The Prime Hatch is the ideal choice for boat owners who demand durability, style, and ease of use in every detail. Designed for performance and longevity, this hatch combines sleek aesthetics with uncompromising quality. The Prime Hatch range is available with a durable anti-slip tape, the article reference ends with "AS". The range is also available with a Flush Air Vent, the article reference ends with "V". For a locking system, the article reference ends with a "L". For all available options, so anti-slip tape, Flush Air Vent and a lock, the article reference ends with "ASVL".
